#### **FINISHING**

Felt hat in washing machine using hot water and soap. Check often so that hat doesn't felt too much. When hat is desired size, remove immediately from washer stretch to fit over the hat shaper. Allow to air dry completely. When hat is dry, remove from hat shaper. Mark beg of brim evenly around hat, then cut from edge of hat up to top of brim and cut brim off with sharp scissors. You should now have a hat and a curved strip of felted fabric to create a free form rose. Fold one end of felted strip over edge of hat to wrong side and sew in place. Sew grosgrain ribbon around edge of hat on inside, covering end of felted strip. Gather and twist and twirl the felted strip, sewing to hat as you go along to create a free form cabbage rose. Yours will not look exactly like ours. Try it on and look in the mirror as you arrange the flower shape to look attractive on your head. Every piece will be a little different and completely original.
